DIRECTOR'S REPORT
WVLS Board of Trustees Meeting
January 21, 2017

CORRESPONDANCE

- In late November 2016, DPI informed WVLS that our 2017 system plan was approved and that our first (of two) 2017 state aid payments was released. The first payment of $638,958 was received/deposited in a WVLS investment account in late November.
- WVLS received official notifications that appointments have been renewed for **Paul Knuth** (Oneida County), **Marilyn Sauer** (Lincoln County) and **Jim Backus** and Katie Rosenberg (Marathon County). Forest County appointed **Christy Janczewski** to replace Alice Sturzl who resigned from the WVLS Board in 2016.
- Former WVLS staff member **H. Barbara Schmoekel**, passed away on January 2, 2017. A letter announcing that a $100 memorial was placed in the Carol Ruth Wessler Memorial Scholarship Fund was sent to H. Barbara's family.
- Notes of thanks were received from **Annette Miller** (Tomahawk Public Library) to Ann Mroczenski for presenting/hosting the October 18 Makerspace Workshop; **Cara Hart** (Neillsville Public Library) to WVLS for creating and sharing makerspace kits; **Julie Beloungy** (Thorp Pubic Library) to Marla Sepnafski and Augo Hildebrand for the December field visit; and **Denise Korenuk** (Western Taylor County Public Library) for the ARSL Conference Scholarship.

PEOPLE / LIBRARIES / SYSTEMS IN THE NEWS

LEADERSHIP CHANGES IN MEMBER PUBLIC LIBRARIES

- Retired Edith Evans Community Library (Laona) director **Cynthia Lemerande** has taken a position as director of the Wabeno Public Library. She replaces **Kim Geitner** who resigned at the end of 2016.
- **Justine Paulson** announced her resignation as director of the Withee Public Library in early February 2017. Last week, the Withee Public Library Board of Trustees hired **Anne Martin** (Loyal, WI) as her replacement.

PUBLIC LIBRARY SYSTEM REDESIGN (PLSR) PROJECT UPDATE

PLSR workgroups took a hiatus over the holiday season and are now getting back to work. Workgroup leaders and facilitators, along with members of the Steering Committee and DPI Liaisons, met Friday, January 20, at the Fitchburg Public Library to review the work plan for the final phase of the PLSR process.

A chart at the end of this report provides a timeline of the PLSR process and where the project is at this time. Please refer to the PLSR web site (plsr.info) for more information about the project.

WVLS PROJECTS

2017 Wild Wisconsin Winter Web Conference

The Wild Wisconsin Winter Web Conference (WWWC), a premier state-wide virtual conference developed by the Nicolet Federated Library System and supported by WVLS and 15 other library systems in Wisconsin, will be held **January 24-26, 2017**.

Nineteen, 60-minute web presentations focusing on public libraries will be given each day from speakers all over the country. Presentations are geared to have 45-50 minutes of material, and then time for Q & A. Attend what you want – one…four…or all 19! Because of the collaboration, all sessions are available at no cost to participants. For more information, and to register, visit http://www.wildwiscwinterweb.com/program-info--tracks.html

NOTE: WVLS Communications Coordinator **Anne Hamland** will be participating in the conference! During the "Trigger Decks" session on January 26, Anne will present a session on "Snapchat, Facebook, Twitter, Video Video, Video!: Or, Using Video to Market Library Services."

Public Library / System Annual Reports

Several WVLS staff are compiling data for the system's and member public libraries' 2016 annual reports. V-Cat related statistics were shared with DPI to download into the online reports, and a 2-page V-Cat data sheet was emailed to each public library this week.

2016 WVLS Audit

WVLS was contacted by Krause, Howard and Company, Inc. in mid-December with a request for information to begin the 2016 WVLS audit. We will be working with them over the next several months to ensure the audit is ready to share with this Board in May.

Legislative Update

Legislative Listening Sessions have been scheduled by 12th District Senator Tom Tiffany, who is a continuing member of the powerful Joint Finance Committee. Senator Tiffany will be joined by 34th District Representative Rob Swearingen on **Monday, January 23**, from 9:30 to 10:30 at the Minocqua Public Library, from noon to 1:00 PM at the Olson Memorial Library in Eagle River and from 3:00 to 4:00 PM at the Nicolet College Northwoods Center (Room 207) in Rhinelander. On Wednesday, January 25, Sen. Tiffany will be joined by Representative Mary (Czaja) Felzkowski (also reappointed to Joint Finance Committee) at the Tomahawk Public Library where a special library budget issues session will be held from 8:15 to 8:45 before the public listening session from 9:00 to 10:00 AM. WVLS staff is collaborating with Northern Waters Library Service in coordinating appearances by library supporters at these key sessions. In addition, 36th District Representative Jeff Mursau will attend the Forest Co. Library Board meeting at the Potawatomi Cultural Center Library and Museum on the evening of January 23 for conversation and presentation of his *Libraries Transform!* poster.

Libraries Transform! posters have been completed for Senator Petrowski, and Representatives Swearingen, Felzkowski (Czaja), Mursau, Bernier, Kulp, Spiros and Edming. Poster photos have been taken for Senator Tiffany and Rep. Snyder. Senator Moulton is assigned to Indianhead Federated Library System.

The Wisconsin Library Association is actively promoting these **2017-2019 Wisconsin Biennial Budget requests for state library funding**: an additional $1.5 million for public library system aids (emphasis on supporting local libraries in the areas of broadband access, workforce development and lifelong learning); cost to continue funding for core state library services including BadgerLink, Newsline for the Blind and the four statewide resource contracts (Cooperative Children's Book Center, Wisconsin Talking Book and Braille Library, and inter-library loan access to Milwaukee Public Library and UW-Madison collections). A requested statutory language change would allow expenditure from the WISEdash and WISEdata programs for public library related collections and data maintenance as well as for public schools.

Youth Services Update

The annual **WVLS Youth Services Workshop on December 8** was attended by 31 library staff members and presenters. Five other systems besides WVLS were represented at the table – Indianhead Federated Library System, Nicolet Federated Library System, Northern Waters Library Service, Outagamie Waupaca Library System and South Central Library System. Program elements included American Indian collection development for children and young adults, incorporating STEM (STEAM and STREAM) elements into library programing, and school/library partnerships for summer learning and reading programs. The **Youth Services Discussion Group (YSIE)** met at Minocqua Public Library on Friday, January 13. The session was attended by eleven library staff members from WVLS and NWLS with discussion centering on Summer Library Program. The next opportunity will be at the annual Grassroots Gathering following Children's Book Fest in Rhinelander on the afternoon of March 8, with the next one tentatively scheduled for August 25 at Antigo Public Library.

HANDOUT

- The *Marathon County Public Library Newsletter* (November-December 2016) included a nice front-page article "What is WVLS?". A copy of the newsletter is provided at the end of this report.

UPCOMING EVENTS

- January 23 – Legislative Listening Session with Senator Tom Tiffany and Representative Rob Swearingen – Minocqua Public Library
- January 23 – Forest County Library Board Meeting (Representative Jeff Mursau will be attending) – Potawatomi Cultural Center Library and Museum
- January 24 – WiscNet Board meeting - Madison
- January 24-26 – WVLS co-sponsored 2016 Wild Wisconsin Winter Web Conference
- January 25 – WISCAT User Group online meeting
- January 25 – Legislative Listening Session with Representative Mary Czaja – Tomahawk Public Library
- January 27 – WLA LD&L Committee meeting - Madison
- February 2 – WVLS V-Cat Council Meeting - MCPL
- February 2 – WVLS Periodic Renewal – MCPL
- February 9 – first Conference About Libraries & Literacy (C.A.L.L.) – Murphy Library, UW-LaCrosse
- February 14 – PLSR Q&A Session (Delivery/Electronic Resources)
- February 16 – WiLS 2017 membership meeting – Madison and online
- February 20 – SRLAAW meeting - Madison
- February 21 – WLA's Library Legislative Day – Madison
- February 23 – "Big Ideas with an Itty-Bitty Budget" webinar
- February 23 – WPLC Steering Committee meeting
- February 23 – PLSR Communications Liaisons GoToMeeting
- February 28 – "The All Generation Library" webinar
- February 29 – Deadline to submit system/public library annual reports to DLT
- March 5-11 – National Teen Tech Week
- March 7-8 – Annual Children's Book Fest / Grassroots Gathering - Rhinelander
- March 15 – WVLS Listening Session – Greenwood Public Library

Happy New Year!

Marla

Wausau drive thru closed temporarily

On October 17, the drive thru and book drop on the west side of the library's Wausau Headquarters were closed temporarily to accommodate a construction project being completed on the building's lower level. The project, which is expected to be finished by December 31, will bring the Friends of the Marathon County Public Library down to the lower level (including the group's triannual book sales), among other changes. While the drive thru is closed, patrons can continue to pick up and return items, renew and request materials and pay fines inside the library during its normal hours of operation. Patrons may also utilize the 24/7 book return near the main entrance.

For more info, call 715-261-7200, or watch www.mcpl.us/yourMCPL for updates.

What is WVLS?

When using the Library Catalog (V-Cat) or requesting a book in person, you may have noticed the term "WVLS." But what exactly does that mean?

WVLS stands for Wisconsin Valley Library Service, a library system that counts the Marathon County Public Library and 25 other public libraries across Clark, Forest, Langlade, Lincoln, Oneida and Taylor Counties as members. WVLS operates from offices in the basement of MCPL's Wausau Headquarters and oversees the V-Cat online catalog, offers training and support to member libraries, facilitates resource sharing, courier services and more. Because of this, patrons can check out materials from any public library in WVLS and return it to any other public library in the WVLS system. Through WVLS, libraries also get access to cutting-edge technology – including drones, 3D printers and more – to use for library programs.

To learn more about WVLS, visit www.wvls.org.

Dan Richter / Library Marketing Specialist

Mission: To enrich lives by promoting lifelong learning, and actively providing the community with access to ideas, information, and opportunities to connect.

2016-11-9 | BBK/WA

WISCONSIN PLSR PUBLIC LIBRARY SYSTEM REDESIGN PROJECT

The Public Library System Redesign is a **community-led** project to thoroughly look at how services are provided throughout the state (and other states) and to develop, **collaboratively**, models to deliver services in a manner that offers improved services and equity, **now and into the future.**

WISCONSIN PLSR PUBLIC LIBRARY SYSTEM REDESIGN PROJECT

WHO IS INVOLVED?

Dr. Tony Evers, Wisconsin State Superintendent of Public Instruction, who appointed the Steering Committee to oversee the PLSR process.

A 10-member Steering Committee was formed with representation from libraries and systems from all parts of the state and from different size institutions to ensure broad representation.

Nine workgroups of more than 70 members representing all sizes of libraries and systems and include people from K-12 and academic libraries, along with members of key groups around the state, including COLAND, SRLAAW, WLA LD&L.

Seven are currently focused on service model development: Consulting, Continuing Education, Delivery, Electronic Resources, ILL, ILS-Discovery & Technology

Two are engaged in research and will become more actively engaged in recommendation development as the service workgroup models progress: Chapter 43 & Resource Libraries.

The DPI Division for Libraries and Technology team, led by Kurt Kiefer, Assistant State Superintendent, has 7 staff serving as liaisons to workgroups and the Steering Committee.

WiLS, serving as project manager.

You! This community-based effort needs the participation and involvement of the entire Wisconsin library community.

PROJECT PRINCIPLES

Communication is critical for the success of the process.

The process relies on openness and trust from all participants.

Information and data should be the bedrock of the process.

Outside expertise will add credibility and weight to the outcome.

Ownership of the process must belong to the Wisconsin library community.

The process will be used to grow skills needed to maintain flexible and community-driven service into the future.

PLSR PROCESS

PHASE 1

November 2015 → April 2016

- Steering Committee establishes project principles
- Workgroup leaders selected
- Workgroup leaders & liaisons select members and begin work plans

PHASE 2

May 2016 → March 2017

- Workgroups begin meeting and identify desired service outcomes
- Workgroups begin development of service model concepts
- **WE ARE HERE!** Workgroups present model concepts for community input and feedback
- Continued model development: surveys for community input, cost calculation and more
- Review of existing models and model demonstration planning

PHASE 3

April 2017 → March 2018

- Workgroups continue model development through data collection, community input and model demonstration
- Collective workgroup development of final service model recommendations
- Project manager delivers workgroup recommendation report to Steering Committee

POST - PHASE 3

April 2018 → TBD

- Through a community inclusive process, the PLSR Steering Committee reviews workgroup recommendations and develops final redesigned model recommendations
- PLSR Steering Committee submits recommendations to DPI.

AT THE COMPLETION OF THE WORKGROUP PROCESS, THE PROCESS WILL HAVE ...

- Examined existing coordinated service delivery models in Wisconsin and other states
- Identified the desired outcomes for each service
- Designed service model prototypes
- Demonstrated the "proof of concept" of the service model through pilots or other information gathering
- Determined the administration, logistical, fiscal, and technical support needed for service model
- Compared the service model's cost and offerings to existing and other models
- Developed model implementation recommendations

BY DOING THE STEPS IN THE PHASES ABOVE AND....

- Collecting and reviewing information about services and budgets from the library systems, libraries, other states, experts in the field.
- Reviewing existing Wisconsin library law and law/administrative models from other states
- Collecting feedback from the library community through conference presentations, surveys, review panels, direct feedback to the project managers, and through various stakeholder groups including COLAND, SRLAAW, WLA LD&L, WAPL, WISL, WLTF, and SOMBA.

STAY (GET) INVOLVED

The PLSR process is iterative and **relies** on your feedback, input and participation.

Offer your feedback via the project website: http://www.plsr.info/contact/

Serve on the PLSR Survey Panel

- Offer your opinions and insights
- Periodic surveys when workgroups or the Steering Committee need feedback from the library community
- A few minutes of your time will make a huge difference!
- Visit http://plsr.info/surveypanel/

STAY INFORMED

Look for PLSR information in communications from your system. Each library system has an appointed liaison who shares information with member libraries and brings questions to the process from their members.

Keep an eye on WI Public Library Services & Programs Google community for regular PLSR updates: http://bit.ly/WPLSandP.

Check out the PLSR website. It's updated regularly (often multiple times a week) and it's where you can:

- Learn about the project background.
- Review documents produced by the Steering Committee and the workgroups.
- Find all of the materials from workgroup meetings.
- View the calendar of upcoming Steering Committee and workgroup meetings, and other PLSR related events.
- See the data and information that that the workgroups are using to develop service models.

Subscribe to the project blog and a daily digest of updates will be sent to your inbox, including updates on the project and announcements of new materials available on the site.

The project is funded by the Institute of Museum and Library Services (IMLS) through grants from the Library Services and Technology Act.

INSTITUTE of Museum and Library SERVICES
